| Name EN                       | A4tech Bloody BP-50M, gaming mouse pad 350x280mm, Black                                                                                                                                                                                        |
| Packaging composition version | PKG-MY4-H-BP-50M-090                                                                                                                                                                                                                           |

## 3. Identification and description of the packaging

| Packaging level     | Packaging type        | Number of pcs | Dimensions cm      | Volume cm <sup>3</sup> | Gross kg | Packaging mass |
|---------------------|-----------------------|---------------|--------------------|------------------------|----------|----------------|
| Sales packaging     | Jednotka včetně obalu | 1             | 29,3 × 5,8 × 5,7   | 968,7                  | 0,239    | 35 g           |
| Transport packaging | Kartón včetně obalu   | 40            | 47,5 × 34,0 × 31,0 | 50 065,0               | 10,300   | 1000 g         |

• Brief description: the sales unit contains paper/cardboard and plastic packaging elements; the transport carton is used for group packaging of 40 pcs of product.

## 4. Material composition of the packaging

| Level | Material / component | Mass |
|-------|----------------------|------|
|-------|----------------------|------|

## 5. Summary of materials per one sales unit

| Material                                          | Mass per 1 pc | Share   |
|---------------------------------------------------|---------------|---------|
| Total incl. proportional part of transport carton | 0,0 g         | 100,0 % |
| Material group                                    | Mass per 1 pc | Share   |

|       |       |         |
|-------|-------|---------|
| Total | 0,0 g | 100,0 % |
|-------|-------|---------|

- The transport carton is proportionally allocated to 40 pcs of product: 0,0 g/pc.

## 6. Purpose of use of the packaging

- protection of the product during transport, storage and handling
- safe delivery of the product to the end user
- identification, labelling and presentation of the product
- grouping of multiple product units in the transport carton

## 7. Declaration of conformity

- The packaging composition identified above complies with the applicable requirements of Regulation (EU) 2025/40 on packaging and packaging waste.
- The packaging has been assessed using the internal production control procedure according to Annex VII of Regulation (EU) 2025/40.
- The technical documentation contains a general description of the packaging, material composition, mass calculations, recyclability assessment, minimisation assessment and available supplier documentation.
- Supplier material declarations, test reports and other supporting documents are a non-public part of the manufacturer's technical documentation and will be provided to competent market surveillance authorities upon justified request.

## 8. Applied legislation, standards and technical specifications

| Document type                     | Designation / description                                                                              |
|-----------------------------------|--------------------------------------------------------------------------------------------------------|
| Legal act                         | Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste |
| Internal technical specification  | PKG-SPEC-MY4-H-BP-50M-090 – interní specifikace obalové skladby                                        |
| Mass calculation                  | PKG-MASS-MY4-H-BP-50M-090 – výpočet hmotnosti obalů                                                    |
| Packaging minimisation assessment | PKG-MIN-MY4-H-BP-50M-090 – posouzení minimalizace obalu                                                |
| Recyclability assessment          | PKG-REC-MY4-H-BP-50M-090 – posouzení recyklovatelnosti                                                 |
| Supplier documentation            | SUP-MAT-DECL – supplier material declarations, non-public annex to the technical documentation         |

## 9. Notified body

- No notified body was used. The conformity assessment was performed using the internal production control procedure according to Annex VII of Regulation (EU) 2025/40.

## 10. Technical documentation and retention of supporting documents

- The technical documentation for the packaging has been prepared and is retained by the manufacturer.

- The technical documentation contains non-public supporting documents from suppliers of packaging materials, material specifications, test reports where applicable and internal conformity assessments.
- The documentation will be retained for the period required by legal regulations and will be presented to competent market surveillance authorities upon justified request.

## 11. Signature
