EVOLVEO StrongPhone G9

High performance eight-core rugged smartphone with excellent 48 Mpx camera

EVOLVEO StrongPhone G9 is a high performance and excellently equipped IP69 certified phone that can handle rough handling and does not mind water, dust or mud. The high-performance processor, large and easy to read 6.2" display, 48 Mpx camera, e-SIM support, NFC, SOS button, fingerprint reader and many other accessories make this model a great choice for all conditions. Fine-tuned Android 10.0 with a large 5,000 mAh battery ensures trouble-free operation for several days, and thanks to the adjustable notification diode you won't miss anything important.

Top quality 48 Mpx camera and Full HD video

The phone is equipped with a 48 Mpx camera using SAMSUNG ISOCELL Plus image sensor. The image sensor is thanks to the combination of ISOCELL technology extremely sensitive to light and achieves high colour fidelity increasing light sensitivity and improving colour fidelity, even in worse lighting conditions. Easy control offers added features such as portrait photos, short video or Full HD video with electronic image stabilization. Equipped also with a front camera with 8 Mpx resolution.

Powerful Octa Core processor and enough space for your applications

Powerful eight-core 2.0 GHz processor along with 4GB of memory gives you plenty of power wherever you need it, and MediaTek CorePilot technology delivers the full performance of eight cores or shuts them down according to the power required without draining the battery.
